AIRLIE

Low to medium dry matter

Airlie is a low to medium dry matter variety with a very high fresh yield and good disease resistance.

It is a dual purpose variety suitable for fodder and culinary use with purple skin and creamy white flesh. Airlie is an early to intermediate use variety

Pack Size		Treatment
Natural Seed	1kg	Untreated
Graded Seed	0.5kg	Untreated

Stock should be introduced gradually over a two week period and an area of grassland should be available for animals to return to; water and hay or straw should also be made available. Please contact your supplier for further guidance.
