Ratings

A fine general-purpose mixture for landscape and lawns

- General landscaping
- Quality lawns
- Fine appearance

This popular general purpose mixture will produce an attractive sward with good wear tolerance but with relatively low maintenance requirements.

The inclusion of a low percentage of ryegrass will provide a durable sward that will establish quickly.

	Cultivar	Species
30%	CALDRIS	Chewing
25%	CORAIL	Strong c
20%	COLUMBINE	Perennia
