

Medium dry matter variety

Gowrie is a uniform, medium dry matter variety with some club root tolerance and good mildew.

It is a dual purpose variety suitable for fodder and culinary use, with purple skin and yellow flesh.

Pack Size		Treatment
Natural Seed	1kg	Start-up + Sepiret
Graded Seed	0.5kg	Start-up + Sepiret

Stock should be introduced gradually over a two week period and an area of grassland should be available for animals to return to; water and hay or straw should also be made available. Please contact your supplier for further guidance.
