

WBS 4 - 1 Year Spring Sown (AB9, AHL2)

Herbicide tollerant, annual wild bird seed mixture

Provides cover and feed for small birds, mammals and game throughout the year.

Contains a more diverse range of species than WBS 3

- Attracts Finches and Buntings
- Will provide shelter in "open" cover and shed seed through the late Autumn and Winter period
- No cover in the second year

Sow late March-end April
