

Perennial ryegrass

#1 for Lawns and good for sport

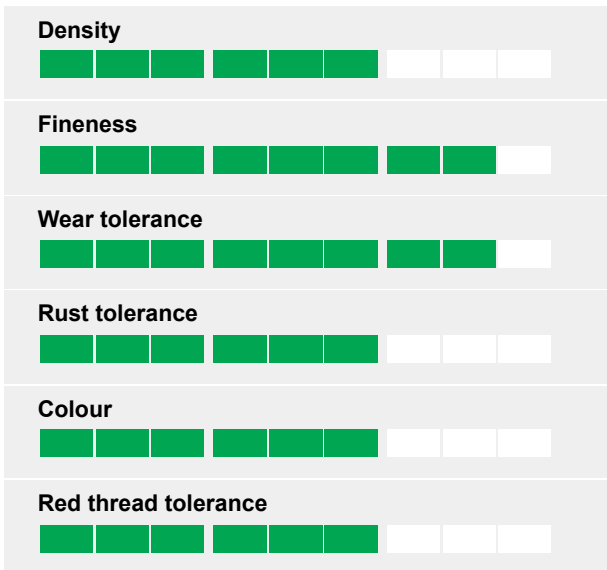

Slow regrowth = less clippings

Excellent overall appearance

Fine leaved

Dense

Ratings

ANISTON is the top rated lawn variety on the STRI Turfgrass List for 2024

ANISTON has excellent all round appearance with no weakness in any of the main characters of a lawn type variety

ANISTON has very slow regrowth which reduces the costs of both mowing and disposal of clippings

In addition it performs well in sports trials making it suitable for high traffic lawns and landscaping areas

Turfgrass Seed 2024
Lawns, Landscaping, Summer Sports and Turf Trials (Mown at 10-15mm)
