

A dual purpose rotational mixture lasting from four to eight years and suitable for grazing and/or cutting.

**Similar to HF Grassmaker but containing early Perennial Ryegrass for early bite**

- Specifically formulated for early spring growth
- Designed for early sheep grazing, prior to first cut silage
- Offers great flexibility to beef and sheep farms
- High inclusion of White Clover, the same as HF Grassmaker

Recommended sowing rate: 13 - 15 kg.Acre (32 - 37/kg/Ha)
