

A good quality ryegrass mixture for use in turf productions and landscape areas

- Turf production with ryegrass
- Quick establishment
- Fine leaved
- Good year round colour
- Excellent disease resistance

Ratings

Turfmaster produces a fine looking sward that establishes quickly with good disease resistance and excellent colour.

The high proportion of rhizomatous grasses helps form a strong root structure, giving good root strength when the turf is lifted.

%	Cultivar	Species
15%	HEIRUN	Strong crepi
20%	CALDRIS	Chewings fes
15%	ANNECY	Perennial rye
15%	SMIRNA	Slender cr
10%	CATHY	Slender cr
15%	BENJI	Strong crepi
